Invitation

Dear guests and readers of this bulletin,
 You are invited to join our club as stamp collecting has provided many of us with deep insights into past and present cultures of countries we may or may never visit. As a guest you can find the behaviour of exited members a bit overwhelming. Do not be afraid to ask questions. If you do, please do not be overwhelmed with the answer as you usually get more than you asked for. Some of us have been collecting stamps for such a long time that we have forgotten what it feels like to be a beginner.

Join in and enjoy a pastime that need not be expensive. If you have inherited a stamp collection we will provide you with information (free of charge) about the value of that collection. Again, you may get comments you do not like (there is rust in the collection; not worth much but interesting enough to expand; etc). We are human and we have our little errors. However, if you do not like the information received, by all means, get a second opinion.

Looking back and ahead

This month I continue the series of Australian State perfins, I have started two months ago. I have attempted to differentiate between the stamps, issued for the Australian States, punctured and overprinted to indicate they were used by government agencies.

Thanks go to Hans for providing me with OS perforated stamps. I will incorporate the images into the listings.

I have visited John and reviewed the Russian Collection we had the pleasure to view last meeting.

For the Russian collectors, I can provide a preliminary copy of Zemstvos.

Uwe Krüger
 President
