As things go, there will be room for errors but I hope I can keep those to a minimum.

## Invitation

Dear guests and readers of this bulletin,

You are invited to join our club as stamp collecting has provided many of us with deep insights into past and present cultures of countries we may never visit. As a guest you may find the behaviour of existing members a bit overwhelming. Do not be afraid to ask questions. If you do, please do not be overwhelmed with the answer as you usually get more than you asked for. Some of us have been collecting stamps for such a long time that we have forgotten what it feels like to be a beginner.

Join in and enjoy a pastime that need not be expensive. If you have inherited a stamp collection we will provide you with information (free of charge) about the value of that collection. Again, we may make comments you may not like (there is rust in the collection; not worth much but interesting enough to expand; etc). We are human and we have our little errors. However, if you do not like the information received, by all means, get a second opinion.

## Looking back and ahead

At certain times luck strikes twice. After the Cooper collection was donated to the club we now have received a second collection donated by the Walters family.

As Club President I am glad and thankful for the donations. As collector I am sad as parts of both collections are prone to rust and decay. In both cases it is a difficult task to separate the collectable items from those that can not be salvaged.

However, on the positive side the club members participating in the club auction make a financial contribution and I have been assured by the treasurer that our finances are healthy.

Now that we have sorted out the signatures with the bank I am sure we can pay our bills. I would like to thank Charles for his patience and making his own money available to pay our bills. Charles, Thank you.

We all know that 2008 is an Olympic Year and I just received the Stamp Bulletin advising of all the new issues.

For this issue and for a few more to come I will be looking at Cinderellas of Australia. No point in having put together and no one knows about it.

I hope you have as much fun with this as I have.

Uwe Krüger  
President

## Cinderellas

### Introduction

Mention is made of a number of philatelic items which are of interest to many stamp collectors as some items feature reproductions of actual stamps.

Most of the items in this section are not bogus or produced to defraud collectors. They are perfectly legitimate items in their own right. In most cases they are included here because they bear a superficial resemblance to postage stamps and this has led to collectors in the past being misled as to their actual status. By giving some details of their background readers of this volume will not fall into the trap of including them in collections of locals or variations of stamps as has happened so often in the past.

### 1911 Stamp Competition

Essays submitted appear at times in the market claiming to have been produced for the 1911 stamp competition for the first Australian stamp.

### Ada Reeve- Tivoli

The Ada Reeve – Tivoli label claims to be the First Poster Stamp in Australia.

On the label it mentions that the Governing Director is A Mr. Hugh. D. Mc Intosh holding this position in 1914. The Mortlock Library of South Australia theatre notes two theatre programmes referring to Ada Reeve. One is from 1914 noting a performance at the Tivoli Theatre Adelaide. The other note is dated 1917. this would date the label to be issued in 1914.

### Adams & Co. Express

Adams & Co, founded by D. H, Maskell in California, U.S.A., operated under the name of Adams & Co. Express, Maskell in September 1849 a local mail service in California. Early in 1853 George Mowton established a branch in Melbourne. Early in 1855 the California business collapsed causing the Melbourne operation to fail as well.

The Melbourne business did not issue a label but applied a rubber stamp to all letters carried.

The following emblem was printed onto the top left hand corner of their own envelopes.

### Adelaide Airways

The plane can be allocated to designs used in the 1930's.

The states the routes flown as Melbourne, Mt Gambier, Broken Hill, port Lincoln, and Kangaroo Island. The label is printed in yellow and black.

### Adelaide Children's Hospital Seals

Issue date unknown (possibly 1937).

A brown horizontal format perforated label showing a child within design of the rising sun and map of Australia and the wording 'HELP THE CHILDREN'S HOSPITAL BUILD HEALTHY CITIZENS'.

From 1946 to the early 1960's The Adelaide Children's Hospital raised a substantial amount of the funds needed for

its operation from the sale of priced seals and unusual souvenirs.

The first post war appeal by the Adelaide Children's Hospital in 1946 was a series of 'On Parade' Hospital Appeal Concerts at the Tivoli Theatre Adelaide and to promote the concerts an attractive coloured charity seal was produced and sold for 3d.

1948

The design shows a nurse watching a child in a hospital cot. The same label was used but with changed dates for 1947, 1948 and 1950 concerts. Price for the label remained at 3d for 1947 and 1948 but was raised to 6d in 1950

There was no 1949 issue.

The annual 'On Parade' concerts at the Tivoli Theatre continued but in 1951 there was a change of format and design of the seals with the new designs featuring a sleeping child.

The price of the labels was raised to one shilling and they sold in numbered sheets of 20 (with margins) for 1 pound. The sheets were issued annually until 1959 when the appeal was abandoned.

## Adelaide, Central Bus Station

Late in 1981 Mr. Max Hayes of Melbourne discovered the existence of previously unrecorded labels used by the Central Bus Station Pty. Ltd. of Franklin Street, Adelaide. Although crudely printed, the usage of the labels certainly qualifies them as local stamps within the definitions adopted for this volume.

The Central Bus Station Pty. Ltd. is the terminus for seven bus and coach operators in South Australia servicing some 325 towns in South Australia and with routes extending as far a field as Western Australia, Darwin, Brisbane, Sydney and Melbourne.

The depot opens around the clock all the year round so that its parcel carrying facilities have a distinct competitive advantage over its rivals - the Railways and Post Office. Late in 1981 the depot was handling some 20,000 outgoing parcels a week - with a much smaller volume of inward parcels.

The Central Bus Station Pty. Ltd. accepts parcels on behalf of individual operators on a pre-paid freight basis. Payment can be made by cash to one of the four cash register operators, in which case cash register labels are affixed to parcels, or by means of parcel stamps purchased in bulk.

The stamps are supplied in booklets obtainable only from the depot in Franklin Street. The stamps are prepared in strips of five. Booklets of stamps with denominations between 20c and 55c contain 20 strips, whilst high denomination stamps come 10 strips to a booklet. After they are affixed to parcels the stamps are cancelled by blue crayon or a rubber stamp bearing the company name.

Mr. Hayes was notable to ascertain the exact date when the stamps were introduced but believes it to be around 1976. The stamps do not exist in pre-decimal form.

There are eleven denominations in the series ranging from 20c to \$5 and they have been issued in different colours. The strips vary in width between 37mm and 42mm. The horizontal rouletting is 5. Mr. Hayes reports having sighted the following denominations and colours but stresses that other combinations may exist:

20c Name and denomination in green, serial number in black, white paper.
